

Ethnic Local Church Concerns

**Reverend George P. Lanier,
Chair North Georgia ELCC**

We are many members of the one body called the church. Yet we are the church together. It is our calling to make sure that the voices of diversity are heard within the church and larger community.

Your support of the Committee on Ethnic Local Church Concerns by your prayers, involvement and openness to engage others diversity will build the kingdom of God on earth.

I believe that our ethnic and diverse churches have a great contribution to make to the connection and the world. Thus, we must strengthen our leadership of clergy, laity and institutions.

George P. Lanier
