PLENARY:

Ministry with Children Today: Reality and Resurrection

Ministry with children is challenging. Face with limited budgets, burned out volunteers, declining participation and increasing competition for children's time and energy, what do we do? Do we cave or create? Do we mourn or motivate? Do we despair or disciple?

WORKSHOP OPTIONS:

(CHOOSE TWO)

Making Ministry Happen

Working with volunteers is a must in our churches. Come and find out how to identify volunteers, invite them into ministry with you and the children, equip and communicate with them, and celebrate their ministry.

Partnering with Parents

Join others who desire to help parents be partners in ministry. Learn how to build bridges of faith from church to home and home to church.

Creative Activities for Children

Come and experience 10 new activities which will engage children in the Biblical Story from the Old Testament to the New, from Advent through Pentecost. Take these new experiences back to your church to use right away in your children's ministry.
