WHO SHOULD ATTEND?

Anyone who feels called to serve more fully in the ministries of their church. This course is the first step to becoming a certified lay servant.

WHAT WILL I LEARN?

Specific training to increase skills in witnessing to the Christian faith through leading worship, teaching, written communications, church and community leadership, and care-giving.

WHAT WILL I BE ABLE TO DO AFTER THIS TRAINING?

Local church/charge lay servants do more than lead worship. They also recognize and respond to the many and varied needs of the church. There is no limit to opportunities to witness to others in helping them to deepen their faith in Jesus Christ. Local lay servants are servant leaders.
